

HACKEX '26

NATIONAL LEVEL HACKATHON

**CODE. COLLABORATE.
CREATE IMPACT.**

Organised by Techno Debuggers Club & Department of Computer Science and Engineering,
Excel Engineering College (Autonomous) - in association with Cube AI Solutions.

A national stage for India's brightest student innovators to build, compete, and create real impact.

About HACKEX '26

HACKEX '26 is a National Level Hackathon designed to bring together innovative student minds from across India. Participants will identify real-world problems, develop technology-driven solutions, collaborate as teams, and create meaningful impact. The hackathon provides a unique opportunity to transform bold ideas into working prototypes through creativity, technical skills, teamwork, and rapid problem-solving.

Whether you are a first-time hackathon participant or a seasoned competitor, HACKEX '26 offers the perfect platform to showcase your skills, learn from peers, and build something that matters. The event spans 36 hours of pure innovation, with two distinct rounds - an online PPT selection followed by an intense offline hackathon on campus.

36 Hours of Innovation

Non-stop coding, building, and problem-solving across two rounds

4 Members Per Team

Team-based participation with complementary skill sets encouraged

Offline On-Campus

Excel Engineering College (Autonomous), Namakkal, Tamil Nadu

Exciting Cash Prizes

Winners take home Rs. 20,000, Rs. 15,000, and Rs. 10,000

Event Details

Everything you need to know about HACKEX '26 at a glance. Mark your calendars, form your team, and get ready for two rounds of intense innovation. The competition is structured in two stages - an initial online PPT selection round (free to enter) followed by the main 36-hour offline hackathon for selected teams. The fee of Rs. 1,500 per team is only applicable after your team clears Round 1.

Particular	Details
Event	HACKEX '26 - National Level Hackathon
Duration	36 Hours
Team Size	Maximum 4 Members per Team
Mode	Offline / On-Campus Event
Venue	Excel Engineering College (Autonomous)
Round 1	Online PPT Selection - Registration Free
Round 2	36-Hour Offline Hackathon - Rs. 1,500 per Team
Round 1 Confirmation	8-9 September 2026
Round 2 Dates	25 & 26 September 2026

Innovation Themes

Healthcare

Build innovative technology solutions that improve healthcare accessibility, efficiency, monitoring, management, and patient experience. Think telemedicine, diagnostics, patient records, or AI-driven health insights.

Edutech

Develop solutions that improve education, learning, teaching, assessment, accessibility, and personalised learning experiences. From adaptive learning platforms to classroom tools.

Fintech

Create innovative solutions for financial services, digital payments, financial management, security, inclusion, and smarter financial decision-making for individuals and businesses.

Industrial 5.0

Develop human-centric, intelligent, sustainable, collaborative, and technology-driven solutions for modern industries. Focus on automation, smart manufacturing, and worker safety.

Open Innovation

Build innovative solutions for meaningful real-world problems without being restricted to a specific domain. Your idea, your problem statement, your impact.

Eligibility & Team Formation

Who Can Participate?

- Students from colleges and universities across India
- Participants must register as a team (Max 4 members per team)
- Students from different institutions may participate together (subject to organiser approval)
- Accurate academic and contact information required during registration

Recommended Team Skills

- Frontend & Backend Development
- Mobile App Development
- AI / ML & Data Science
- UI/UX Design
- Database Management
- Cloud / DevOps
- Cybersecurity
- Business / Domain Knowledge

Registration Process

Step 1: Visit the Registration Form

Open the official Google Form and begin your registration. Ensure you have a stable internet connection.

Step 2: Enter Team Details

Provide team name, leader details, all member info, college, department, year of study, contact number, and email address.

Step 3: Submit Project Idea

Provide the required project information and upload your Round 1 PPT with all required slides.

Step 4: Verify Information

Double-check names, phone numbers, emails, team member details, and the uploaded PPT.

Step 5: Submit & Confirm

Submit the form successfully and keep a screenshot of your submission confirmation for your records.

Round 1 - Online PPT Selection

What to Include in Your PPT:

- **Problem Statement:** What is the problem? Who faces it? Why does it matter? What is the existing gap?
- **Proposed Solution:** Your idea, how it works, and why it is better than existing approaches
- **Key Features & Innovation:** Major features, what makes your idea unique, and innovative technologies used
- **Technology Stack & Architecture:** Frontend, backend, database, AI/ML, cloud, APIs, and system flow diagram
- **Expected Impact:** Target users, benefits, social/business impact, scalability, and development plan

PPT Submission Guidelines:

- Use a clear and descriptive project title
- Keep content concise - avoid unnecessary text
- Use diagrams and visuals wherever possible
- Clearly explain both the problem and your solution
- Mention the complete technology stack
- Ensure the PPT is readable and well-formatted
- Upload the correct final version - no changes after submission

Round 2 - Offline Hackathon

Selected teams will participate in the 36-hour offline hackathon at Excel Engineering College (Autonomous) on 25 & 26 September 2026. Teams will transform their Round 1 concept into a fully functional prototype.

Phase 1-2: Reporting & Orientation

Teams report at venue, receive event instructions and announcements

Phase 3-4: Briefing & Ideation

Final challenge instructions shared; teams discuss implementation strategy

Phase 5-6: Development & Testing

Teams build their prototype, test the application, and fix errors

Phase 7-8: Submission & Demo

Teams submit project materials and demonstrate working solution to judges

Phase 9-10: Evaluation & Prizes

Judges evaluate all submissions; winning teams announced & prizes distributed

Prizes & Contact Coordinators

Cash Prizes:

First Prize: Rs. 20,000 | Second Prize: Rs. 15,000 | Third Prize: Rs. 10,000

Faculty Coordinators:

- Dr. K. Geetha M.E., Ph.D. (Professor) - 9715250646
- Mr. E. Deepan Kumar M.E. (Asst. Professor) - 99523 02646

Student Coordinators:

- S. Akashreshi (IV Year) - 8778528831
- Balachandran (IV Year) - 9341277360

Register Now - Innovate Today, Impact Tomorrow

BUILD. THINK. INNOVATE.

HACKEX '26 is more than a competition. It is an opportunity to think beyond boundaries, build meaningful solutions, collaborate with fellow innovators, solve real-world problems, and create measurable impact. The journey begins with a single step - register your team, submit your idea, and take your place on the national stage.
